IPA MUMBAI CHAPTER

Seen on the dais (L to R) : Asit Adalja, Vijay Mattoo, Gurmit Singh, K D Deodhar and G N Ganla

A Technical Seminar was held by IPA Mumbai Chapter at Hilton in Mumbai on December 17, 2011. With a view to place emphasis on 'green' aspects of plumbing, seminar was titled as 'Harit Jal'.

Mr. Gurmit Singh, Chairman - IPA MC presented a paper on 'Importance of Rating System in Water Conservation' based on Water Efficient Products-India (WEP-I) 2011. This very first interesting paper presentation set the tempo and spirit for the rest of the seminar. Ms. Mala Singh, CEO - PEC Solutions made a detailed comparison of Green Codes with an emphasis on water. Ms. Sanjana Rao, ITT Corporation spoke very lucidly on 'Modern Technologies in Sewage Treatment'.

Session I of the seminar was chaired by Mr. K.D. Deodhar, Vice President - M&E, Chalet Hotels Ltd. Mr. Vijay

Mattoo, Director - Pentair Water (India) Pvt. Ltd. gave sponsorial presentation.

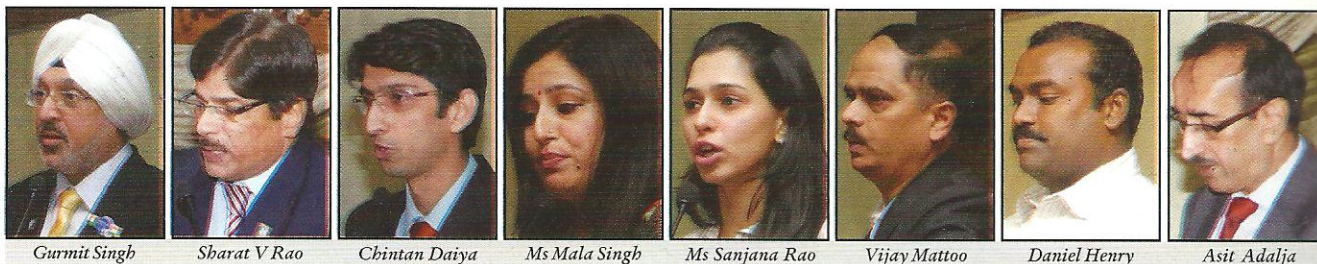

The lunch break was followed by Session II chaired by Mr. Pankaj Dharkar, President - PDA Associates Ltd., Ahmedabad, and President - Fire and Security Association of India (FSAI) & Indian Society of Heating, Refrigerating and Air Conditioning Engineers (ISHRAE) Gujarat Chapter.

A short film on World Plumbing Conference (WPC) 2013 was shown during the seminar. Mr. Sharat V. Rao, Member - IPA MC & NEC spoke on 'Green Plumbing - Are we doing enough?' Mrs. Suprabha Marathe, Executive Engineer (Rain Water Harvesting Cell) - Municipal Corporation of Greater Mumbai (MCGM) elaborated on 'Rain Water Harvesting - My Passion' and shared numerous case studies with

the audience. Mr. Chintan D. Daiya, Hon. Jt. Secretary - IPA MC presented 'The Essence of Green Plumbers India Code Supplement'.

Technical Session III was chaired by Mr. Jahangir Yar Khan, Vice President - Shree Ram Infrastructure, Mumbai. Mr. Daniel Henry of Pentair Water (India) Pvt. Ltd. gave a technical presentation on 'Water Treatment'. The last paper was presented by Mr. Ajit Khandeshe, MD - KWAN Environmental Solutions Pvt. Ltd. Mr. Khandeshe shared the 'Case Study of Sewage Treatment Plant for Reuse of Water Using Membrane Technology at Ambarnath MIDC'.

The popular slot 'Student Speak' concluded the day long, well attended technical seminar. The seminar was sponsored by Pentair Water India Pvt. Ltd.
